Thank you Lori

You should have seen the data

Double checking the homes again if the value is .1

On Feb 5, 2016, at 4:33 PM, Kier, Lori <Kier.Lori@epa.gov> wrote: More updates regarding document drafting: Per R5, there is a draft (i.e., preliminary and pre-mgmt. review) options paper that will be discussed on Monday (2/8) by staff at R3, R5, OGC and OECA at 11 am. Let me know if anyone else wants to be added to the invitation. Separately, I understand from R5 that Karen was providing data (not options) to R3 management today that identifies water supplies in R3 (including those near the DuPont Washington Works facility) with PFOA and PFOS contamination above 100 ppt. Finally, I will make sure that all of you have access to the draft Bilott letter; it is in sharepoint and you can make changes directly in the document. Lori Kier Senior Assistant Regional Counsel

Subject: Mr. Bilott Interim Response

Deliberative

Updating you on a change regarding the interim response to Mr. Bilott regarding PFOA health advisory matters.

Shawn has requested that R3 take the lead to prepare the response to the incoming email.

We talked about preparing an interim response that speaks to upcoming timeframes for the health advisory and tracking the Desk Statement.

Appreciate ORC's assistance to prepare a draft response that we can put in the chain for review and signoff. Any questions, Renee Searfoss can provide further background.

Thanks - Jon
